### **SUEZ Energy Resources NA Now Services Delaware Electricity Market *Delaware entry is 11<sup>th</sup> U.S. market for SUEZ Energy Resources NA***

HOUSTON, TX – March 25, 2008 – SUEZ Energy Resources NA, the US retail energy business of SUEZ Energy North America, has begun providing electricity services to the Delaware electricity market.

By entering the Delaware market, SUEZ further expands its footprint into PJM. It will service the Delaware market by leveraging existing sales efforts already in place in the Mid-Atlantic markets, where the company currently serves customers in Pennsylvania, New Jersey, Maryland and Washington, D.C.

SUEZ Energy Resources NA will provide a full suite of electrical services including Demand Response services provided under the PJM Demand Response Program, and Green-E certified Renewable Energy Credits (RECs). These services provide choice to our customers who are committed to sustainable, environmentally friendly solutions that support our economy's growing need for new sources of energy supply.

"Green-E renewable energy products will be an important thrust of our customer outreach in Delaware because statewide renewable energy initiatives are well underway there," said David Braun, Regional Vice President, PJM. "We also will provide Fixed Price, Index and other customizable energy solutions tailored to the risk management needs of our Delaware customers."

SUEZ Energy Resources NA currently serves commercial and industrial customers in 10 states: Delaware, Texas, Massachusetts, Maine, Maryland, New York, New Jersey, Pennsylvania, Illinois, Connecticut and also Washington, D.C. The company serves approximately 25,000 customer accounts, mainly with commercial and industrial customers having peak demands ranging from 50 KW to more than 200 MW, for a total contracted load of 5,000 MW.

### **About SUEZ Energy North America, Inc.**

Based in Houston, SUEZ Energy North America, Inc. is the business unit of SUEZ Energy International responsible for managing SUEZ's positions within the energy value chain in the United States, Mexico, and Canada, including electricity generation and cogeneration, natural gas and liquefied natural gas (LNG), asset-based trading and origination, and retail energy sales and related services to commercial and industrial customers.

SUEZ Energy North America owns and/or operates a total of 46 power, cogeneration, steam, and chilled-water facilities, including those in construction, representing a capacity of more than 5,660 MW of electricity generation, 6.0 million pounds per hour of steam, and 41,973 tons per hour of chilled water. SUEZ Energy North America's wholly owned subsidiary, Distrigas of Massachusetts, owns and operates a liquefied natural gas receiving terminal in Everett, Mass., which began operations in 1971 and currently serves most of the gas utilities in New England and key power producers, meeting approximately 20 percent of New England's annual gas demand. In addition, SUEZ Energy North America has two LNG deepwater port projects under development off the coasts of Massachusetts and Florida.

SUEZ Energy International is a business line of SUEZ, which is an international industrial and services Group that employs 140,000 people worldwide.
